Aptos Sales Audit

Leverage the power of one version of the truth with the leader in Unified Commerce

Constantly changing conditions. Ever-expanding sales channels. Diverse geographies, regulations and banners. Sales data is increasingly complex in the age of omnichannel.

Enter **Aptos Sales Audit**. Our solution makes it easy and automatic to capture, clean and consolidate transaction data from your unique range of channels, countries, currencies and data types. Simplifying complex data so you can run your front office at the speed of the business.

Enrich core systems from Merchandising to Accounting. Optimize store performance and automate loss prevention. Move accurate and timely data downstream. Aptos Sales Audit gives you firm control over your transactions, full confidence in your data integrity and a firm grasp on the best business decisions.

CAPABILITIES

| Exception-based Auditing	Sales Audit Business Rules & Validations	Exception-based Loss Prevention
